

"2-in-1" Twin-Handset Convenience, plus Caller ID* Display

The new Panasonic KX-TG1102 comes with two snug-fit handsets so you can enjoy the convenience of multiple handsets right out of the box. Place the extra handset in a different room and you'll never have to chase down a handset again. Plus, you can take advantage of convenient features like intercom. Both handsets are equipped with a Caller ID* display for easy identification. Panasonic DECT phones bring more fun and convenience to your family communication.

TWIN: Includes 2 Handsets, 1 Base Unit and 1 Charger

With the two handsets included in the package, you can use this phone system as a convenient in-home intercom.

Easy Caller Identification

Thanks to Caller ID* capability, you'll be able to check the telephone number of an incoming call on the LCD so you can see who's calling before you actually answer.

KX-TG1102 Colour Variation

Note: Some colours may not be available in your area.

A Variety of Features

Caller ID* Compatible

Displays the caller's telephone number (service subscription required), so you can see who's calling or screen your calls. When station names are registered in the phonebook (up to 50 names can be registered), the caller's name can also be displayed.

50-Name & Number Phonebook

Station names and numbers can be stored in the built-in telephone directory for fast, easy recall.

Illuminated Display

The handset features amber-coloured, easy-to-read LCD (14-segment, 1-line, 12-digit with symbol) with backlight for easy operation.

10-Hour Talk

Longer battery life. Up to 10 hours of continuous use available with a single charge.

120-Hour Standby

Up to 120 hours available in the standby mode even when the handset is not connected to the base/charger unit.
