DECT

A Variety of Features

Large, Easy-to-Read Colour Display

The handset's 80 x 102 pixel-display offers a bright, colourful icon-based menu that's easy to see and easy to use. Operation mode and current status are clearly displayed either in waiting mode or in use. The background image is selectable so you can change it to suit your preference.

Customisable Caller ID*

You can customise your Caller ID for at-a-glance identification by assigning a "category colour" from 5 different colours (blue, yellow, green, cyan and white) to be displayed on the LCD screen, as well as any of 20 pre-installed ringer sounds.

* Requires subscription to a Caller ID service offered by a telephone company.

Ringer LED on Handset

An amber ringer LED on the top-right corner of the handset lights up to confirm incoming calls.

Polyphonic Ringer Melody / Tones on Handset

You can choose a high-quality ringer sound from 14 pre-set melodies and 6 ring tones.

200-Name & Number Phonebook

Up to 200 station names and numbers can be stored in the built-in phonebook for fast, easy recall.

Hands-Free Speakerphone on Handset

Just press the button for hands-free talking. You can do something else while you continue talking.

Voice Enhancer

The voice enhancer applies equalisation to enhance high and low frequencies so the other party's voice is clearer and easier to hear.
